

MPM Consumer Products develops and manufactures a continually expanding range of personal care, household cleaning and pharmaceutical lines, through its dedicated Household and Personal Care divisions. The company produces its own leading brands, Dr Johnson's, Liquid Power, Tough Buster and Harrington's, and additionally manufactures a diverse portfolio of private label products for customers throughout Europe.

MPM can offer a flexible and cost-competitive design and production resource for private label owners, coupled with the practical experience and expertise of being a successful manufacturer in its own right.

PERSONAL CARE
DIVISION

Operating to European standards of production and quality, MPM Consumer Products has the capacity to manufacture private label products to the highest standards of excellence, in a wide choice of formulations and packaging formats to meet the demands of today's market. Its in-house laboratory can develop customised products to meet precise customer specifications and innovate exciting new ideas to fill particular niche markets. There is also a cost-effective contract filling service if required, again with the same level of flexibility and accountability.
