

USI ITALIA SPRAYBOOTHS

Built By Robots, Installed By Specialists

With over 30 years' experience of the automotive refinishing industry, USI ITALIA produces spraybooths using the most advanced, automated robotic manufacturing systems available. Such state-of-the-art technology ensures that its latest generation of booths is built to the very highest standards of quality and precision, free from any imperfections attributed to manual production. No wonder then that there are literally thousands of USI ITALIA spraybooths installed worldwide, at some of the most demanding bodyshops and most prestigious automobile manufacturers. Now, the USI ITALIA range of car and commercial booths, paint mixing rooms and vehicle prep stations is available exclusively in the UK through Beta Automotive, the leading name in spraybooth servicing and installation.
